MERRY SANTA CLAUSMAS!

Did you know that the American Civil Liberties Union has been successful in eliminating Christ from Christmas this year insofar as the city is concerned?

You may remember the controversy this out-of-town group created last December when it acted on behalf of "an Albany resident," who never was named. The creche was left in place last year, but it won't be out this Holiday Season.

City Attorney Robert Foley, who personally does not go along with ACLU, has advised the city to "use something else" rather than place Albany in financial jeopardy. The group carries its lawsuits "all the way to the top," he said.

Intervention by ACLU centers

around use of public funds to display a symbol or scene that expresses an attitude toward any particular religion or religious group. A creche on publicly owned city property, they charge, is a violation of both federal and state law governing separation of church and state.

Undoubtedly, knuckling under was the only answer, but it seems outrageous on the face of it. When you take Christ out of Christmas, you don't have much left. It's a sad commentary on our times when vocal money is no object, out-of-towners are able to dictate to a community and succeed in tearing the very heart out of one of the great, traditional, religious holidays. Spectacular Collision Sunday Involves Bus, Five Automobiles

Joe Price, 35, of Vallejo, was arrested for drunken driving by Albany police Sunday evening after the AC Transit bus he was driving on the curb lane of San Pablo Avenue.

Struck a parked car in the rear, knocking it into another parked car, which the bus spun around and knocked it into a third car before it careened across the sidewalk into a parking lot on the north side of Albany Bowl, struck a fourth parked vehicle and slammed a fifth

into the wall of the building before finally coming to a stop.

The bus, containing numerous passengers, also damaged a planter box at Harry's Nursery and indirectly caused another collision. K. K. Miller of 1256 Portland came past the scene, couldn't believe his eyes, and took the corner so short that he plowed into a police car, driven by Officer James Simmons, who was hurrying to the scene. Miller was cited for driving on the wrong side of the road.

Miraculously, there were no injuries reported, although three of the automobiles were declared total losses and the others badly damaged.

Officer Edward Zentner could hardly believe his eyes when he came upon the scene, a bus headed into the building and the street full of glass, debris and wrecked cars.

None of the wrecked cars belonged to Albany residents, Zentner and Sgt. Glenn Thompson reported.

Price was out Monday after posting \$541.50 bail.

Cub Scouts Will Go Caroling December 15th

Albany Cub Pack No. 3 will sing Christmas carols at Albany Hospital and on residential streets following a meeting at 7 p.m. Friday evening, December 15, at Marin School auditorium.

Boys will bring gifts of toys and games to the meeting to be passed on to those less fortunate.

He is working on his God and Country Award at Epworth Methodist Church in Berkeley, where he is a member and active in youth work and the music program.

Bruce is a member of the Albany High School Band and several other organizations. He lettered in junior varsity swimming at the high school.

Charles King, neighborhood scout commission, conferred the award on Bruce, who has been in troops led by Ted Broyer, Jim Spitz and Ed White, who currently serves. Dr. J. D. Easton is chairman of the troop committee and Graham Moody is advancement chairman.

Bruce's older brother, Doug, AHS graduate of 1960, is an Eagle Scout in the same troop.

Dr. T.C. Cock Seated on School Board

DR. THOMAS COCK

Dr. Thomas C. Cock, unanimously appointed to the Board of Education of Albany Unified School District on November 28, officially became a member of the body at its meeting last night at the School Administration Building. He replaces Robert Litloff, resigned.

Dr. Cock, whose interest in school and civic matters is well known, was selected after a month of deliberation by the board. The pediatrician, who maintains offices in Berkeley, was born in Alhambra in 1925, living there until enlisting in the U.S. Air Force in 1943. Between 1943 and 1948, he served as combat navigator in Europe and as troop carrier navigator in the Far East. He was discharged as a captain.

Dr. Cock began his college training for medicine in 1949 and was graduated in 1955 with a B.A. and M.D. from George Washington University in Washington, D.C. After a year's internship at San Joaquin General Hospital, Dr. and Mrs. Cock moved to the East Bay, where he became resident physician at Children's Hospital of the East Bay. During his service at Children's Hospital, Dr. Cock became the first recipient of the Norman Leet Memorial Fellowship in Pediatric Cardiology.

Since moving to Albany about 3½ years ago, the new board member has exhibited a keen interest in school matters and has actively participated in civic endeavors designed to bring improved municipal government to the city. Service as school physician in the Oakland Schools gave Dr. Cock valuable training in school health programming. His professional main interests are school budget and curriculum.

Dr. Cock lives with his wife, Aris, and four children at 1332 Portland Avenue. Their children are Alexandra, six, who attends Marin School; Thomas C., Jr., four, who is enrolled in Albany Pre-School; Christopher, two, and Lawrence, eight months.

Group Plans Initiative Petition to Place Kains Matter on Ballot

West Solano Merchants and Property Owners plan to begin an initiative petition after the first of the year to allow the voters of Albany to vote on the controversial Kains status in the April election.

Kains formerly went one-way northbound between Marin and Brighton. Following a stormy public hearing November 13, the Council voted 3-2 to reverse directions. The West Solano group had asked that it revert to two-way traffic.

Signs on the street were reversed on Monday, December 4. The marchant group hoped to stop the change by referendum or injunction, but were told that by legal definition the Council action precluded and denied the right of any group of citizens to these measures.

Attorneys have informed them that the channel remaining is initiative petition with the matter appearing on the April ballot. "Then the voters of Albany will

PROTEST FILED ON USE PERMIT FOR ALBANY HILL TOWER APARTMENT

William W. Culley Jr. of 830 Madison has filed a protest to the issuance by the Planning and Zoning Commission of a use permit for construction of a 60-unit multi-residential building on Albany Hill, the first structure in proposed \$40 million building project.

Members of the Albany City

City Council Discusses Many Topics

Monday night the Albany City Council discussed a variety of subjects:

RAPID TRANSIT — Heard a report by Administrative Officer James B. Turner on the meeting in Oakland December 5, when Albany presented its case before the County Supervisors. Turner said the supervisors were not looking for anything other than straightforward endorsements and were not enthusiastic about Albany's protests to routing. Council members agreed that Albany should have a station, regardless of location, and that they favored presenting the proposal to the voters. This stand was to be presented to the supervisors at a meeting Tuesday.

RECORDINGS — Councilman Boych moved that all recordings of Council meetings become a part of the official minutes. This passed unanimously.

TREES — Gave its permission to Don B. Morrow to sell Christmas trees at 600 San Pablo if qualifications met.

POLICE CHIEF — Heard letter from Police Chief Jensen saying he would be willing to report on juvenile delinquency and other police matters before the Council, but is in no position to compile a report for an individual. Councilman Boych had requested the report. Boych asked for clarification "once and for all" whether a councilman has the prerogative to ask a department head for information and whether he is entitled to that information.

SCHOOLS — Heard report on Albany's problem of assuming financial responsibility for paying educational costs for children living in University Village. Informally discussed the necessity of supporting School Superintendent Kenneth Forry's fight to obtain financial relief from the state.

BUSINESS LICENSES — Passed on second reading (Boych dissenting) the amendments to the Business License Ordinance (published in today's paper).

HEALTH INSURANCE — Unanimously passed resolution authorizing mayor to execute contract with Hospital Service of California to provide group hospital insurance for city employees.

Council Monday night questioned the eligibility of the protest since Culley does not live within 300 feet of the site. City Attorney Robert Foley was not at the meeting to advise them.

Councilman Paul Boych expressed the protest he had over one week. A heated discussion followed with Councilmen Lewis Howell and Joel Parker in favor of asking the city attorney's opinion immediately and calling a special Council session if action was indicated.

Boych said he would be unable to attend such a special session this week because he is working swing shift. He said he wanted to be there because he had some questions on the matter.

He originally expressed his opinion that there was no such thing as it would be all right to hold it over a week, but after John R. Albershardt, executive vice president of Golden Gate Heights, Inc., had spoken, the Councilman said he would go along with calling a special session. Mayor Joe Carlevaro agreed.

Albershardt said his company has invested \$20,000 and two months' time to get a unanimous decision from the Planning and Zoning Commission. He said it is costing them money every day, adding that the firm's legal sources have studied the zoning ordinance and say that only people within a 300-foot radius can protest.

Howell said he believes this is a deliberate attempt to stall the building. He said there was a public hearing at the Planning and Zoning level and Culley was not represented.

Following much discussion, Boych's motion to hold the matter over one week was put to a vote. He voted for it; others, against. Then Howell presented a motion to refer the matter to the city attorney and if Council action was indicated, a special meeting should be called. It carried unanimously.

ALBANY FIRE VICTIM SUCCUMBS

Requiem Mass was said Tuesday at St. Ambrose Church for Joseph Gianqueto, 65, who died Saturday of burns suffered November 29, when he was trapped by fire in his basement apartment.

The rosary was recited Monday at Ellis-Olson Mortuary.

Mr. Gianqueto was burned over most of his body in a fire apparently caused by a wall furnace in his apartment at 711 Washington Street. He died in a Berkeley hospital.

A used car salesman, Mr. Gianqueto was an East Bay resident for 26 years.

He was the brother of Mrs. Rose Pesce of Albany, Mrs. Marion Shannon of Orinda; father of Mrs. Eleanor Tiernan of Vallejo, Mrs. Mary Ann Collins of San Leandro, Thomas Gianqueto of Vallejo, Carl Gianqueto of Castro Valley, and William Gianqueto of Albany; uncle of Joseph Valencia of Orinda; grandfather of 11, and great-grandfather of four.

GARY KECK of 1223 Portland Avenue, suffered a broken nose in a traffic accident Saturday on Euclid Avenue, Berkeley. He was treated at Cowell Hospital and released.

Under the chairmanship of Mrs. F. E. Wilson, Berkeley Chapter of American Red Cross Supply Service has bought and wrapped in gay Christmas paper more than 500 gifts. These will be ready for distribution on Christmas morning to patients at Sonoma State and Napa State hospitals.

According to Mrs. Lewis Giegich, vice chairman of Supply Service, over 2500 articles go into making up these gifts. Filled stockings will be sent to Oak Knoll Naval Hospital.

In addition, Berkeley Chapter has sent 3,000 Christmas cards to the hospitals for the patients' use.

Gov. Brown Responsible For Village Education Situation, Mulford Says

The governor of the State of California must assume responsibility for Albany's continued inability to get state funds to help pay the cost of educating children from University Village, Assemblyman Don Mulford (R-18th) said last Tuesday night in a talk at the Christmas dinner of the Albany Council of Republican Women.

Reaffirming his stand on the "absolute need" to obtain funds from the state, Mulford said he has introduced at every legislative session legislation to relieve this situation. Last time, he said, it got out of the Assembly and to the Senate, but the Department of Finance refuses to recognize this as a necessary part of government. The Finance Department operates under Governor Brown's control, Mulford added.

Albany School Superintendent Kenneth Forry and Mulford have appeared before the regents of the University, who have gone on record as approving reimbursement to Albany, providing the money could be available from the state. (The cost to Albany taxpayers to educate children from the Village last year was \$45,504, Forry has reported.)

"The only answer is public opinion," Mulford said. "The Democratic party is in charge in both houses. I hope the Democratic legislators who in-

It's Raining Rain Reporters!

We'll be able to tell you how much rain falls in Albany from now on. Thanks to all who called in response to last week's request for local meteorologists.

First to volunteer his services was Jack Morrow of 1028 Talbot, who has kept rain and wind records since 1959. The last storm, he reported, brought 5.82 inches to Albany.

Then came Dr. Jane T. Paxton, who lives on the west side of Albany Hill. She's kept track of rainfall for eight years and reports that Albany had 6.66 inches between July 1-December 2. Until December 6, she said, Albany had had more rain for the season than in any of the previous seven years. Right now, we're a little behind one previous year. She gave the following day by day tabulation: November 28, .56; 29th, .94; 30th, .26; December 1, 1.89, and 2nd, .02.

Others who record rainfall are Thomas Walsh of 1575 Portland (five doors into Berkeley) and James Kanner of 1045 Key Route Boulevard.

Kids Invited To Ride in Santa's Sleigh

Thousands of children from the East Bay Area will have an opportunity to ride with Santa Claus in his big, colorful sleigh on Monday and Tuesday, December 18 and 19. The Berkeley Downtown Center is sponsoring Santa's visit to downtown Berkeley, and he will be giving free rides at Constitution Square, Shattuck Avenue and Center Street, 10 a.m. until 9 p.m. each day.

Santa's sleigh is a beautiful unit valued at \$20,000. It is 40 feet long complete with mechanized, life-size reindeer that go through running motions. The sleigh has 140 colored, flashing lights, a revolving, lighted Christmas tree, two mail slots for "letters to Santa", a record player for Christmas music, and public address system.

ISOLA KOOSIS of 902 Madison reported to Albany police that her purse was missing from the counter in the staff room of Albany Library December 6. The purse was found at the southeast corner of the library but about \$20 cash was taken.

Carlevaro Protests Transit Routing Before Supervisors

Albany Mayor Joe Carlevaro summarized the effects of Rapid Transit in the City of Albany before the Alameda County Board of Supervisors last Tuesday.

He said there would be no service to the city, which is located about half way between proposed stations at Fairmount in El Cerrito and Hearst in Berkeley. Residents would have to travel to the stations in order to use the trains, which would be at maximum speeds en route through Albany.

About 80 dwelling units would be removed from the tax rolls along with five stores and a hospital laboratory, Carlevaro said, protesting the Santa Fe routing. He said the properties have a total assessed valuation of \$212,275, representing about 1.1 per cent of total assessed value in the city.

The mayor cited recent survey, which showed 92 per cent of Albany in favor of a routing in the vicinity of the Eastshore freeway.

Carlevaro told of the development of Albany construction in University Village, which will tend to increase population in the area of the freeway, again stressing Albany's proposal that a station be located in that area.

Carlevaro and Administrative Officer James B. Turner, not encouraged by the supervisors, who seem inclined to prove the original routing Santa Fe. If all Board supervisors in affected communities prove Rapid Transit, it is expected to come before voters in June, 1962.

In answer to many inquiries the Albany Times has made, the probable increase in taxes for taxpayers if and when the proposed \$939 million Rapid Transit is approved by voters.

It is contemplated, according to Administrative Officer James B. Turner, that the increase in the tax rate for 1963 will be 2.9 cents per \$100 assessed valuation, increasing a period of 10 years maximum of 67 cents per \$100 by 1972, continuing at that level for 30 years, a gradual increase as work is completed, Turner said.

To give readers an idea of what this means in terms of taxes now being paid, the rate for general fund is currently 89 1/2 cents per \$100 assessed valuation. This covers all general governmental functions with the exception of the library and department, schools and redemption.

Chamber High Lights

By IRENE GROVE

"It's beginning to feel like Christmas" . . . and to look like Christmas in our city. The usual beautiful displays by our Albany merchants are beginning to make their appearance, so take time to take special note of them. Chamber President Tom Gabriele's Lexicon Store has a very festive appearance with a fireplace in the window already adorned with its red stockings waiting to be filled. There are the beautiful massive sprigs of holly with lighted red berries and the enormous Christmas tree with its exquisite imported lights and ornaments.

Two of the first of the usual beautiful large Christmas trees that always make their appearance in Albany holiday displays are the large green one at East Bay Chevrolet with its all gold ornaments and the beautiful white one at Security Savings and Loan. Santa Claus is appearing in all sizes, as at Pursell's, be koning us to the Christmas shopping buys in our own Albany stores.

Flowerland is always outstanding at this season with Santa and his reindeer on the roof and the carolers and the almost life size Nativity scene. Call Bros. Jewel-

ers display is lovely and modernistic in design and in accord with their new and ultra modern quarters. Two displays that cannot help but tempt us to decorate for the holidays are the displays at American Florist and the always unusual and fascinating window at Monicas'.

Very important . . . do not miss the windows at your Chamber of Commerce office . . . we are very proud of them, thanks to Monicas' and the Security Savings and Loan.

Business street decorations will be up very soon and it will be a city-wide program as promised with white Christmas trees for both Avenues adorned with red bows. Albany merchants are urged to use colored lights on these trees to further enhance the appearance.

There will be more and more on Christmas displays . . . if you notice or have a particularly outstanding one, please bring it to our attention, we want to give it the publicity it deserves.

Remember your Albany merchants have many wonderful gift items and holiday merchandise, so stop by to see them. Let's keep those Christmas dollars in Albany; it brings us dividends.

A sincere thank you to all of

Chief Jensen

Albany Police Department

RALPH JENSEN

Albany Police Chief Ralph Jensen, 38, much-decorated flying ace of World War II, who has been a member of the department since May, 1948, gave up plans for a career in dentistry because "I couldn't see myself looking in mouths the rest of my life."

A native of Denver, Colorado, he came to Visalia with his family when he was three months old. Following graduation from Cambria High School, he enlisted in the Air Corps, serving four years and being discharged as a captain. While he was based in England, he was shot down on a mission over Germany. Taken prisoner, he was held 19 months in Sagon prison camp, 90 miles

south of Berlin. About New Year's Day, 1944-45, the Russians were getting close, so the Germans marched Jensen and their other prisoners 300 miles through the snow to Mooseburg. They were released the following May, when Patton's tanks arrived. Discharged in 1946, Jensen holds the Purple Heart, DFC, Air Medal with two clusters, and the Presidential Citation.

He came to Albany to live while taking a pre-dental course at the University of California. During the waiting period before acceptance into a dental school, he took a job as patrolman with the Albany Police Department. He was made sergeant January 1, 1951; inspector, June 1, 1953, and was elected chief April 19, 1954.

Jensen holds an honorary life membership in Albany PTAs, is a member of Albany High School PTA, Exchange Club, American Legion Post 292, Peace Officers Association of California, International Association of Chiefs of Police, is a member of the board of trustees of the Albany YMCA, and a graduate of the FBI Academy.

He and his wife, Shirley, live at 412 Evelyn Avenue with their two children, Richard, 15, and Cheri, 13.

MR. AND MRS. P. J. IRWIN are shown following their recent marriage at St. Jerome's Catholic Church. She is the former Shirley Marie Cooper. (Matson photo)

SHIRLEY MARIE COOPER WEDS PHILIP JOHN IRWIN

St. Jerome's Church in El Cerrito was the setting for the November 11 marriage of Shirley Marie Cooper and Philip John Irwin, both of Albany. The Reverend Thomas Burns of St. Veronica's Church in South San Francisco, a long time friend of the groom, officiated at the Nuptial Mass.

Escorted to the altar by her father, Shirley was gowned in white tissue taffeta with full draped skirt and long sleeved rose point lace bodice. A pearl princess crown held her bouffant veil and she carried a bouquet of ranunculus and stephanotis with an orchid center.

The bride is the daughter of Mr. and Mrs. Edmund M. Cooper of 526 Pomona Avenue. Her sisters are Jeanne, a nursing student at the University of California Medical Center in San Francisco, and Marian and Lynn, both attending Albany High School.

Jeanne was her sister's Maid of Honor with Janice Zavattaro and Merry Jo Kroph as bridesmaids. All were gowned in deep blue peau de soie with matching crown net hats, and carried white full chrysanthemums.

Mr. and Mrs. John Irwin of 1068 Evelyn Avenue are the parents of the bridegroom. Phil asked his brother, Russell, a University of California medical student, to be his best man. He also has a younger brother, Gary. Ushers were Frank Jones and Thomas Baker.

Both the newlyweds are graduates of Albany High School. Shirley attended the University of California at Berkeley, where she was a member of Phi Mu Sorority and was active on the Pell an staff and the Blue and Gold Year Book. Phil attended San Francisco City College and is now employed by a large concern in that city.

A wedding luncheon followed the ceremony at Kirby's Banquet Room in El Cerrito. The bride's mother chose a champagne brocade sheath with cocoa accessories and a corsage of green cymbidium orchids. The bridegroom's mother wore a gold-jacketed brocade ensemble, beige accessories and green cymbidium orchids.

Following a wedding trip to Southern California, the couple is at home in Oakland.

ENGAGED — Nancy Lucille Della, daughter of Mr. and Mrs. Charles Dellas of Walnut Creek, plans to marry William Phelps, son of Mrs. Marie Phelps of Albany and the late Donald Phelps. She is a senior at Samuel Merritt School of Nursing and Phelps is a student at Contra Costa College. (Courtesy Gazette)

Chief Ralph Jensen Lists Tips For Preventing Christmas Season Thefts

Every year during the Holiday Season there is a tremendous increase in thefts. Police Chief Ralph Jensen has listed some hints to help insure a merry Christmas for yourself and your family:

When shopping, do not lay your purse on the counter while examining the merchandise. Never let it out of your sight.

Do not carry purses with long shoulder strap handles. The straps are easily cut while the owner is unaware of what is happening.

Keep billfolds in inside coat pockets rather than in hip pants pockets. This makes it more difficult for the pickpocket.

Keep the amount of cash carried at a minimum.

Do not leave packages in the inside of the car while away from it. Put them in the trunk, lock the entire car and remove the keys.

Do not leave articles of value within reach from windows.

Deliveries should not be left unless there is some one home to accept them.

Know your guests if you are having open house.

If leaving town for the holidays: Secure the house. Do not leave notes saying you will be away. Stop milk, paper, and other deliveries. Leave night light on when possible. Leave blinds or

LETTERS TO THE EDITOR

Editor, Albany Times:

Tuesday evening, November 21, the citizens of Albany and El Cerrito had much to be proud of in their two city councils. They called a joint session to meet with representatives of the Rapid Transit Authority. A group of fine well-meaning high paid men. Our local elected non-salaried council members sat them back on their heels with the intelligence of their remarks and questions. The councils had sent resolutions to the Board of Supervisors asking for a study of the Bay Shore route for the proposed Rapid Transit (elevated trains). Their reasons being not to split our two pleasant residential cities in half, take off excessive property from the tax rolls, prevent a swath of blight through the center of our two towns, as the Santa Fe route would.

To the tune of \$20,000, the transit people had an engineer walk the bay side route, declare it "not possible" with no explanation, then threw in an alternate route of San Pablo Avenue, which would take two lanes off this busy street. They gave no explanation as to who authorized the study of the San Pablo route, nor why it was made. It struck me as if they threw the barking dog a bone. The only actual figures quoted all evening were the difference in travel time to reach the stations with the bay route taking three minutes longer. All other figures were projected. No actual dollars and cents talk.

I was proud to be a native of Albany represented by Mayor Carlevaro and a citizen of El Cerrito represented by Mayor Crowe, former Mayor Conway and the Director of the El Cerrito Chamber of Commerce. Each of these men spoke directly with great clarity, no double talk, although each was mad at the waste of another evening.

The Transit men, including Mr. Stokes, their public relations man, insulted the intelligence of the members of both councils and the spectators with double talk and ignoring what had been asked.

They completely ignored the fact that eventually this must be put to the voters, the ones who pay, and any proposed system must have voter appeal if we are ever to have proper transit to save the dying central areas of Richmond, Berkeley, Oakland and San Francisco.

Congratulations to our Councils. They are doing a GOOD JOB!

Forry Awaits Summons To Capital

Albany Superintendent of Schools Kenneth M. Forry is awaiting word as to when he may appear before the Assembly Interim Committee on Education to plead for additional state funds to help pay the cost of educating children living in University Village.

The Albany Unified School District faces a probable cost of \$70,000 annually when the new buildings are completed at the Village. This is based on a per capita rate of \$294, a conservative estimate of costs for the current school year, for which figures are not yet available.

A breakdown of actual costs for the 1960-61 school term shows: \$455 to educate a child for one year in Albany schools; \$167, state apportionment for state-connected youngsters, leaving a tab of \$288 per child to be paid by Albany taxpayers. Multiplying \$288 by 158, representing the number of Village children in Albany schools last year, gives \$45,504, an amount almost equal to the revenue from the 25-cent school tax increase passed by Albany voters last May.

"I feel we are reaching the breaking point," Forry said. "This has created a problem Albany cannot solve without going back to the taxpayers for more money."

Prior to 1954, University Village was Codornices Federal Housing Project. Then the State of California opened its university housing there. When Forry arrived in 1957, he was shocked to realize how much of Albany's school revenue was eaten up to pay for educating children from the Village. On September 17, 1957, he submitted a bill to the regents of the University of California for the difference between the cost of educating the children less monies received from the state. He has continued this billing each year without results.

In the summer of 1960, he appeared together with Assemblyman Don Mulford in Sacramento to plead for state assistance in paying the educational costs of Village children.

Assemblyman Lloyd W. Lowry, who represents third district, including the Davis campus of Cal., where a new housing project is under construction and which will result in a similar problem for that community, introduced Assembly Bill 1575. This proposed legislation, first presented before the Assembly Education Committee and later assigned to interim study, provides that the state shall pay from its general treasury the difference between state apportionment and the cost of educating all state-connected youngsters living on state property in excess of one per cent of the average daily attendance in the district.

The Albany superintendent said he realizes the legislature is allergic to setting a precedent of this nature, but he feels strongly that Albany is suffering in two ways. "First, we've lost valuable property from the tax rolls and second, we have to pay for educating the children who live there," he said. "It isn't fair to the homeowners of this city any way you look at it."

BUT WHY DO I HAVE TO ANNOUNCE THE MILLIONTH FALCON? I'M NO PUBLIC SPEAKER..I NEVER CAN REMEMBER WHAT I'M SUPPOSED TO SAY!

JUST KEEP IN MIND WHY OVER A MILLION FALCONS HAVE BEEN SOLD..THINGS LIKE LOW PRICE.. GAS SAVINGS..

"GENTLEMEN AND LADIES! FALCON FORD HAS...I CAN'T DO IT! IT'S TOO HARD ON MY NERVOUS SYSTEM..

LOOK...DO YOU KNOW WHAT THIS IS?

IT'S YOUR FIST..

ALL RIGHT, NOW WHAT WAS IT YOU WANTED TO SAY?

"LADIES AND GENTLEMEN, I TAKE GREAT PLEASURE IN ANNOUNCING THAT IN TWO SHORT YEARS OVER ONE MILLION FALCONS HAVE BEEN SOLD; THIS REPRESENTS THE GREATEST SUCCESS IN MODERN AUTOMOTIVE HISTORY! THANK YOU FOR YOUR KIND ATTENTION!"

WHEW! I DID IT! BOY, WHAT A RELIEF! IT'S ALL OVER!

I TELL YOU I DON'T WANT TO HAVE TO GO THROUGH AN ORDEAL LIKE THAT AGAIN AS LONG AS I LIVE!

WHAT'S THIS?

THIS IS THE SPEECH YOU HAVE TO LEARN WHEN FORD SELLS TWO MILLION FALCONS!

OH, NO! I CAN'T STAND IT! I JUST CAN'T STAND IT!

SHAVER

Peanuts Characters © 1990, United Feature Syndicate, Inc.

Better make him learn that second speech, Lucy... he's going to need it in a hurry! In fact, the way people are buying Falcons (last month was the hottest November in Ford history!) public speaking could become his life-long career! People love Falcon. They've already bought a million of 'em—more than twice as many cars as most other compacts have sold. And today, they're buying more Falcons than ever...because Falcon has more than 'ever to offer! Today's Falcon gives you an improved version of the famous Falcon Six—the engine that set a new record for a Six or Eight in the 25-year history of the Mobilgas Economy Run! Today's Falcon goes 6,000 miles between oil changes. You also get a bigger choice of models: there are 13 different Falcons...different except for the dependability that's standard in every quality-built Falcon. But best of all—for you—is the one thing about Falcon that hasn't changed. The very first Falcon was America's lowest-priced* 6-passenger car. So is today's.
